

CHROMATEK/HIBINO LVD-638B

FABER
AUDIOVISUALS

This 6 mm high definition LED display is designed to deliver stunning visuals for indoor events. Similar in specification to the White Face, its features, such as a contrast ratio of 1:2000 and 15 bit gradation means it delivers a more vivid image as well as more impressive performance. Like the LVD-638 White Face it is ideal for effective use at major indoor events such as fairs, conferences, motor shows and much more to create a screen up to 100m² in size.
